“DeepL is by far the best translation tool on the market. I particularly like the integration with other tools... I can't believe how much time I've already saved with this function.”

Manuel,
Senior Marketing Manager at ManoMano

“Using DeepL has really changed our world...It's a big change to be able to communicate clearly and quickly in multiple languages—it's truly breathtaking.”

Shoji Otsubo,
Senior Manager and AI Technology Evangelist of the R&D division at Panasonic
